III. MANZANA. Es un segmento de la región que regularmente está delimitada por tres o más calles o límites semejantes, representada por los tres siguientes dígitos del mencionado número de cuenta catastral.

IV. MANZANA CON ID POPULAR. Clasificación que engloba a las manzanas que guardan características socioeconómicas similares y que se tipifican por tener los niveles de desarrollo más bajos de la Ciudad. En esta categoría se agrupa, además, las manzanas que se encuentran dentro de la zona rural de la Ciudad de México.

V. MANZANA CON ID BAJO. Clasificación que engloba a las manzanas que guardan características socioeconómicas similares y que se tipifican por tener niveles de desarrollo bajo de la Ciudad.

VI. MANZANA CON ID MEDIO. Clasificación que engloba a las manzanas que guardan características socioeconómicas similares y que se tipifican por tener niveles de desarrollo medio de la Ciudad.

VII. MANZANA CON ID ALTO. Clasificación que engloba a las manzanas que guardan características socioeconómicas similares y que se tipifican por tener los más altos niveles de desarrollo de la Ciudad.

NORMAS DE APLICACIÓN

1. Para el establecimiento del subsidio otorgado a los usuarios del suministro doméstico de agua a que hace referencia el artículo 172 del Código, se determinará primero la alcaldía a la que corresponda la toma del usuario.

2. Posteriormente se identificará la región-manzana a la que pertenece mediante los seis primeros dígitos de la cuenta catastral que corresponde al inmueble de uso doméstico, así como doméstico y no doméstico simultáneamente (mixto), donde se encuentra la toma.

3. Al identificar la región-manzana dentro de la Alcaldía se observará el tipo de manzana al que pertenece y ese remitirá, de manera directa, al subsidio que le corresponde al usuario de la toma de acuerdo al artículo 172 del Código.

Las DGA instruirán a las áreas de recursos humanos para que soliciten dicho documento a las o los servidores públicos salientes con la finalidad de que se les libere de cualquier responsabilidad sobre los bienes que tenían a su cargo.

VIII.- Transferencias primarias y secundarias;IX.- Acceso a la información archivística;
X.- Conservación y restauración; yXI.- Difusión.
Los documentos de archivo deben integrarse y obrar en expedientes (unidad documental compuesta) o unidades de documentación simples (un sólo documento), ordenados lógica y cronológicamente y relacionados por un mismo asunto, materia, actividad o trámite.

Se entiende como Documento de Archivo, aquel que registra un acto Administrativo, Jurídico, Fiscal y Contable, creado, recibido, manejado y usado en el ejercicio de sus funciones y actividades de las Dependencias, Órganos Desconcentrados y Entidades de la APCDMX, de Apoyo Técnico Operativo, independientemente del soporte en que se encuentren.

El "Análisis del ciclo vital" es la denominación que se da a las distintas fases o etapas por las que transitan los documentos, desde su creación, selección para su custodia permanente o hasta su baja o depuración.

La "Integración de expedientes" deberá hacerse en fólderes, carpetas o legajos plenamente identificados, preferentemente con carátulas estandarizadas en todas las Dependencias, Órganos Desconcentrados y Entidades de la APCDMX, con el objeto de homologar su clasificación y descripción. Los expedientes deberán foliarse para preservar su integridad, por loque se deberá evitar colocar en ellos, elementos que dañen o alteren los documentos que los constituyen, como clips, grapas o cualquier material que lo dañe.

Los expedientes que se relacionen con el ejercicio de una función o atribución genérica, formarán parte de una Serie Documental.

La "Identificación de series y funciones" constituye un concepto central en la organización de archivos, y es una categoría de agrupamiento e integración.

Los expedientes deberán asociarse siempre a la serie documental o función de la que derive su creación, y organización en conformidad con el Sistema de Clasificación que se establezca dentro de las Dependencias, Órganos Desconcentrados y Entidades de la APCDMX.

La Clasificación Archivística es el proceso mediante el cual se identifican, agrupan, sistematizan y codifican los expedientes de acuerdo con su origen estructural y funcional.

Todos los expedientes deberán estar correctamente clasificados mediante la utilización de un código que los identifique plenamente, el cual deberá contener, sin menoscabo de niveles intermedios que las Dependencias, Órganos Desconcentrados y Entidades de la APCDMX establezcan, al menos en los siguientes aspectos:

I.- Código o clave de la unidad administrativa o área generadora del expediente;II.- Código de la serie a la que pertenece el expediente que se clasifica;

IV.- Número consecutivo del expediente dentro de la serie a la que pertenece;V.- Año de apertura y en su caso, cierre del expediente;
VI.- Los datos de valoración y disposición documental que se asocien al expediente; y

Los datos asociados a la información de acceso restringido y, en su caso, apertura pública del expediente, de conformidad con lo que lo previsto por la LTAIPRCCDMX.

La clasificación archivística se realizará de acuerdo al Cuadro General de Clasificación Archivística que cada Dependencia, Órgano Desconcentrado o Entidad elabore.

La "Descripción archivística", es el registro sistematizado de la información de los documentos de archivo, recopilando, organizando y jerarquizando de forma tal que sirva para localizar y explicar el contexto y sistema que los ha generado.

La valoración permite determinar los plazos de guarda o vigenciade los documentos dentro del Sistema, así como determinar su disposición documental.

La "Disposición documental" es el destino sucesivo inmediato de los expedientes y series documentales dentro del Sistema Institucional de Archivos, una vez que dejan de tener vigencia sus valores primarios, administrativos, legales, fiscales y contables, dando lugar a la selección de los documentos de archivo que tiene o poseen un valor secundario o a la baja documental por no contener valores.

Con base en los procesos de valoración y disposición documental que deberán efectuarse dentro de las Dependencias, Órganos Desconcentrados y Entidades de la APCDMX por grupos colegiados de valoración al interior de su COTECIAD, que se establezcan en los manuales específicos de operación, se integrarán los catálogos de disposición documental y sus instrumentos auxiliares, tales como: calendario de caducidades, inventarios de transferencia primaria y secundaria e inventarios de baja o depuración de archivos, con los cuales se procederá, con la participación de todos los involucrados y sus archivistas a la selección de documentos con valor secundario o histórico; o bien a la ejecución del proceso de baja documental.

El resultado de estos procesos deberá registrarse en la DGRMSG a través de la Subdirección de Administración y Control Documental.

Cuadragésimo segundo. La digitalización de documentos de archivo podrá tener varias finalidades de acuerdo con el Ciclo vital del documento y a las necesidades de cada sujeto obligado, por lo que se podrá implementar, entre otros, para:

I. Conversión de información de soporte físico a digital, con la finalidad de integrar expedientes electrónicos y optimizar un flujo de trabajo en procesos específicos, tomando en cuenta lo siguiente:

a) Se podrá realizar en las unidades de correspondencia, oficialías de partes, oficinas de atención al público y/o archivos de trámite;

b) Todos los documentos digitalizados formarán parte de un sistema de administración de archivos y gestión documental y estarán organizados en expedientes electrónicos, que a su vez estarán clasificados conforme al Cuadro general de clasificación archivística; así como contener valores y vigencia asociados con base en el Catálogo de disposición documental, y

c) Se debe aplicar el proceso de depuración y transferencia de los expedientes electrónicos conformados, mediante el estudio pormenorizado de las series documentales digitalizadas del que resultará el establecimiento de los valores primarios y secundarios de éstas.

II. Consulta de documentación semiactiva con la finalidad de facilitar su disponibilidad y acceso, tomando en cuenta lo siguiente:

a) Se podrá realizar en los Archivos de concentración;

b) Los expedientes deberán pertenecer a asuntos concluidos y, por lo tanto, tratarse de expedientes cerrados a los que no se incorporarán nuevos documentos, ni serán sujetos a eliminación de acuerdo con el Catálogo de disposición documental, y

c) El acceso a los documentos digitales estará determinado a través del control de acceso previamente configurado en el sistema de administración de archivos y gestión documental, debido a que será el área generadora quien disponga las condiciones de acceso a la serie, o expedientes, según sea el caso.

III. Consulta, difusión y conservación, que permita generar un respaldo de documentos de archivo con valor histórico, científico o cultural; previamente seleccionados; con la finalidad de aumentar su accesibilidad, preservar en razón del deterioro de las piezas más frágiles y/o valiosas, así como favorecer la colaboración entre archivos para la generación de conocimiento y el uso de la información, tomando en cuenta lo siguiente:

a) Se podrá realizar en los archivos históricos;

b) Cumplir con un tratamiento archivístico riguroso y garantizar que los grupos documentales susceptibles de digitalización cuenten con instrumentos de consulta basados en los estándares de descripción que corresponda, y

c) Además de las consideraciones establecidas para elaborar el Plan de digitalización, se deberá tomar en cuenta que:

1. Los documentos estén siendo sometidos a una intensa consulta, lo que provoca riesgos en su conservación, o bien, peligro de deterioro;

2. Se trate de documentos con gran valor histórico o probatorio que contengan información relevante; documentos de gran valor histórico cuyos soportes sean muy frágiles o de fácil degradación física, o bien, aquéllos que ya han comenzado a sufrir los efectos de un agente degradante, lo que provocaría pérdida de información;

3. Un grupo de expertos determine el estado físico en el que se encuentra el grupo documental a digitalizar, a fin de que verifique si será necesario implementar un programa de conservación que permita la estabilización de los materiales seleccionados;

4. La selección de los equipos para realizar los procesos de digitalización deba basarse en las características de los grupos documentales, considerando que un grupo documental podrá requerir de diferentes tipos de equipos para la digitalización;

5. Se establezca un programa de gestión de calidad del proceso de digitalización;

6. La exposición del documento a varios procesos de digitalización podría dañarlo de forma irreversible, y

7. Se garantice que los documentos digitalizados reciban un tratamiento archivístico adecuado y que se asegure su conservación a largo plazo, así como la difusión de los documentos digitales.

IV. Contingencia y continuidad de la operación, con la finalidad de asegurar la disponibilidad de información en caso de catástrofe, de forma que se garantice la continuidad de las operaciones, una vez superada la emergencia, para lo cual debe seguirse lo siguiente:

a) Podrá llevarse a cabo por tipos documentales tomando en cuenta que el propósito consiste en tener disponibles y accesibles los documentos e información para establecer las operaciones de los Sujetos obligados, y

b) Tanto los documentos en soporte papel como los digitalizados deben recibir un adecuado tratamiento archivístico.

Cuadragésimo tercero. Un proceso de digitalización de documentos de archivo, debe contemplar como mínimo las etapas siguientes:

I. Recepción de documentos y transferencia al área de digitalización;

II. Verificación del estado y de la cantidad de documentos recibidos;

III. Preparación de documentos;

IV. Creación de la base de datos y campos;

V. Digitalización de los documentos;

VI. Control de calidad de los documentos digitalizados;

VII. Corrección durante el escaneo;

VIII. Ordenación de los documentos digitalizados;

IX. Control de calidad;

X. Reproceso;

XI. Ingreso al sistema de gestión de archivos, y

XII. Devolución de los documentos digitalizados, previa ordenación de los documentos físicos de acuerdo con su posición original.

Cuadragésimo cuarto. Para todos los proyectos de digitalización se deberá considerar lo establecido en los Criterios para que los Sujetos obligados garanticen las condiciones de accesibilidad que permitan el ejercicio del derecho de acceso a la información a los grupos en situación de vulnerabilidad y así llevar a cabo los ajustes razonables correspondientes.

Cuadragésimo quinto. Bajo ningún supuesto se deberán eliminar los documentos en soporte papel que hayan sido digitalizados, al menos que esté establecido en el Catálogo de disposición documental; los documentos digitalizados serán considerados copias simples, de no existir disposición legal y procedimiento que dé validez a estos.

DE LAS ACCIONES PARA GARANTIZAR EL EJERCICIO DE LOS DERECHOS HUMANOS DE ACCESO A LA INFORMACIÓN Y PROTECCIÓN DE DATOS PERSONALES

Tercero. Los sujetos obligados, en el marco de sus atribuciones, deberán promover e implementar acciones tendientes a garantizar las condiciones de accesibilidad para que los grupos en situación de vulnerabilidad puedan ejercer, en igualdad de condiciones y sin discriminación alguna, los derechos humanos de acceso a la información y protección de datos personales.

Las acciones referidas en el párrafo que antecede, tendrán como finalidad eliminar las brechas físicas, comunicacionales, normativas o de cualquier otro tipo que puedan obstaculizar el pleno ejercicio de los derechos humanos antes mencionados.

Cuarto. Los sujetos obligados habrán de implementar de manera progresiva y transversal en el quehacer diario de las Unidades de Transparencia, entre otras, las siguientes acciones:

I. Ajustes razonables para procurar la accesibilidad, la permanencia y el libre desplazamiento en condiciones dignas y seguras de las personas con discapacidad, adultos mayores y mujeres embarazadas, en las instalaciones y espacios de las Unidades de Transparencia y, en su caso, en los centros de atención a la sociedad o sus equivalentes responsables de orientar y asesorar a las personas sobre el ejercicio de los derechos humanos de acceso a la información y protección de datos personales.

Los ajustes razonables contemplarán además, espacios de maniobra para que las personas con algún tipo de limitación motriz puedan abrir y cerrar puertas, levantarse y sentarse.

Asimismo, se considerará lo referente a aquellas medidas para garantizar el uso de las ayudas técnicas, toda vez que forman parte de la vida diaria de las personas con discapacidad, y para poder usarlas con seguridad demandan un diseño adecuado de los espacios y mobiliario, en cuanto a sus características y dimensiones.

Las adecuaciones en la infraestructura básica, equipamiento o entorno urbano de las Unidades de Transparencia de cada uno de los sujetos obligados se realizarán tomando como referencia los parámetros establecidos en los diversos manuales, tratados e instrumentos aplicables a la materia.

II. Diseño y distribución de información en formatos accesibles (folletos, trípticos, carteles, audiolibros y otros materiales de divulgación) que en sus contenidos difundan información de carácter obligatoria en términos del Título Quinto de la Ley General, que promuevan y fomenten el ejercicio de los derechos humanos de acceso a la información y protección de datos personales, los procedimientos y requisitos para garantizar el efectivo ejercicio del mismo bajo el principio pro persona, entendiendo a este último como un criterio de interpretación de las normas para optar por la aplicación de aquella que favorezca en mayor medida a la sociedad, o bien, que implique menores restricciones al ejercicio de los derechos.

Los formatos accesibles son cualquier manera o forma alternativa que facilite el acceso a los solicitantes de información, en forma tan viable y cómoda como la de las personas que no se encuentren en condiciones de vulnerabilidad ni con otras dificultades para acceder a cualquier texto impreso y/o cualquier otro formato convencional en el que la información pueda encontrarse.

Dicha información deberá ser plasmada en lenguas indígenas, en formatos físicos adaptados al Sistema de Escritura Braille, en audioguías o en cualquier formato pertinente para la inclusión de las personas en situación de vulnerabilidad, de acuerdo a las correspondientes personas beneficiarias de cada sujeto obligado.

Independientemente del formato, el material deberá estar redactado con lenguaje sencillo, de manera simple, clara, directa, concisa y organizada, con perspectiva de género e incluyente. Su uso debe posibilitar a cualquier persona no especializada en la materia de transparencia para solicitar, entender, poseer y usar la información en posesión de los sujetos obligados.

Para ello los sujetos obligados podrán retomar lo establecido en diversos instrumentos nacionales e internacionales, así como los emitidos por distintas entidades y dependencias en la materia. De igual forma, en caso de aplicar, se contemplará lo anterior para la transmisión de información en los tiempos oficiales de televisión.

Atendiendo a su situación presupuestal, los sujetos obligados podrán contratar personal que brinde estos servicios.

IV. Asesorar de manera presencial o a través de medios para atender a las personas a distancia, entre los cuales pueden estar, la línea telefónica, correo electrónico, correo postal, chat y formulario en página web, además de los que determinen cada uno de los sujetos obligados. La asesoría se proporcionará por el personal que para tal efecto designen los sujetos obligados.

Tendrá por objeto auxiliar en la elaboración de solicitudes de información y en el llenado de formatos de medios de impugnación a través de la Plataforma Nacional y/o Sistema de solicitudes de acceso a la información.

Para tal efecto, el personal designado por los sujetos obligados estará capacitado y sensibilizado para orientar a personas que no sepan leer ni escribir, y hablen otra lengua indígena; de igual forma, podrán contar con personal o, en su defecto, contratar los servicios de intérpretes o traductores para facilitar, de manera oportuna, la información solicitada por las y los titulares del derecho de acceso a la información y de datos personales. Para tal efecto, los sujetos obligados podrán hacer uso del Padrón Nacional de Intérpretes y Traductores en Lenguas Indígenas y/o celebrar acuerdos con instituciones especializadas en la materia.

La contratación de los servicios de intérpretes o traductores se realizará sin cargo alguno al solicitante. En la presentación de recursos de revisión, según sea el caso, se podría contar con la asesoría del órgano garante en el llenado de formatos.

V. Tanto en la Plataforma Nacional como en los respectivos portales de Internet de los sujetos obligados, se plasmará la información que se considere de importancia y/o represente beneficios para garantizar el pleno ejercicio de los derechos humanos de acceso a la información y la protección de datos personales. La información se podrá incluir en otras lenguas y sistemas registrados en la región de que se trate, o con mayor presencia.

En caso de que el Instituto o cualquier institución pública o privada con autorización para su uso cuenten con dicha información en distintas lenguas y sistemas registrados en diversas regiones, los sujetos obligados podrán hacer uso de ella.

VI. Los sujetos obligados deberán realizar adaptaciones para contar con un Portal Web Accesible, que facilite a todas las personas el acceso y el uso de información, bienes y servicios disponibles, independientemente de las limitaciones que tengan quienes accedan a éstas o de las limitaciones derivadas de su entorno, sean físicas, educativas o socioeconómicas.

Para tal efecto, podrán evaluar el grado de accesibilidad de sus portales de Internet, de manera enunciativa más no limitativa, a través de las siguientes medidas:

a) Revisar los estándares de accesibilidad en Internet, entendiéndose éstos como las características básicas que debe satisfacer un Portal Web para que se considere accesible, los cuales tomarán como base estándares internacionales a través de la Iniciativa para la Accesibilidad Web (WAI, por sus siglas en inglés). Estos estándares permiten a cualquier institución o persona evaluar el cumplimiento de la accesibilidad web bajo criterios reconocidos, y que tendrán como mínimo:

1.- Que se incorporen lectores de pantalla;

2.- Que se cuente con amplificadores de imágenes y lenguaje de señas;

3.- Que se utilice el contraste de color;

4.- Que se proporcione información de contexto y orientación;

5.- Que los documentos sean claros y simples;

6.- Que se identifique el idioma usado;

7.- Que se utilice la navegación guiada por voz;

8.- Que se incluya la posibilidad de detener y ocultar las animaciones, lo que representa un apoyo importante también para quienes tienen trastorno de déficit de atención, así como epilepsia u otras discapacidades psíquicas;

9.- Que los menús o apartados dinámicos cuenten con suficiente tiempo de traslado, lo que permitirá a cualquier persona con algún tipo de discapacidad encontrar la opción de su preferencia, sin que se oculten las ventanas de opciones por demora en la selección;

10.- Que se utilice un leguaje incluyente en la información y orientación que se difunde, y

11.- Que se proporcione información desagregada por sexo, edad, situación de vulnerabilidad, grupo y lengua indígena.

b) Realizar una prueba a su Portal Web para identificar los elementos de diseño y contenido que carezcan de accesibilidad, o que la restrinjan; lo anterior, por medio de los programas creados para tal efecto.

Si la mayoría de los componentes del Portal Web carecen de accesibilidad, deberán adecuarse o, en su caso, volverlos a desarrollar. Esta decisión puede depender del número de componentes y el volumen de información que contenga el Portal Web;

c) Para conservar la accesibilidad del Portal Web se capacitará al personal responsable de la programación, diseño, administración y generación de contenidos, tanto en el uso de los estándares internacionales de accesibilidad en Internet como de las herramientas desarrolladas para tal fin;

d) Se deberán realizar pruebas de manera periódica para corroborar si los contenidos o documentos del Portal Web son accesibles;

Cuadragésimo quinto. Las Unidades de Transparencia deberán registrar la recepción de las solicitudes de información, procesarlas y darles trámite a través de la Plataforma Nacional, independientemente del medio de recepción.

Cuadragésimo sexto. Las notificaciones surtirán sus efectos el mismo día en que se practiquen, y los plazos señalados en el presente Título empezarán a correr al día hábil siguiente en el que se practiquen las notificaciones.

Cuadragésimo séptimo. El organismo garante, al ser el administrador estatal del SISAI, brindará el soporte técnico de segundo nivel a los sujetos obligados correspondientes, tal como se indica en el Capítulo VII Soporte Técnico del Título Primero.

CAPÍTULO II

Cuadragésimo octavo. Cualquier persona por sí misma o a través de su representante, podrá presentar su solicitud de acceso a información ante la Unidad de Transparencia, a través de la Plataforma Nacional, en la oficina u oficinas designadas para ello, vía correo electrónico, correo postal, mensajería, telégrafo, verbalmente o cualquier medio previsto en la normativa aplicable.

Cuadragésimo noveno. Cuando el particular presente una solicitud a través del SISAI, mediante el formato previsto para tal efecto, se entenderá que acepta que las notificaciones le sean efectuadas por esa vía, salvo que se indique un medio distinto para tal efecto.

Para el caso de solicitudes presentadas por otros medios como correo electrónico, correo postal, mensajería, telégrafo, verbal, telefónica, escrito libre o cualquier otro aprobado por el Sistema Nacional, la Unidad de Transparencia o el personal habilitado de los sujetos obligados, deberán registrarlas el mismo día de su recepción en el módulo manual del SISAI y enviar el acuse de recibo al solicitante a través del medio señalado para oír y recibir notificaciones en un plazo que no exceda de cinco días o el establecido en la Ley Federal o Ley Local.

En caso de que sea imposible notificarle al solicitante en el medio o domicilio señalado, la Unidad de Transparencia o el personal habilitado de los sujetos obligados, deberán colocar el acuse respectivo a disposición del solicitante en sus estrados, según sea el caso, al igual que el resto de las notificaciones que se generen con motivo del trámite de la solicitud de información.

En el caso de que los organismos garantes cuenten con Centros de Atención Telefónica, las solicitudes de información que se gestionen en éste se remitirán a las Unidades de Transparencia correspondientes a través del módulo manual del SISAI, éstas deberán ser atendidas en lo conducente con base en el Capítulo Cuarto del presente Título.

El SISAI asignará un número de folio para cada solicitud de información que se presente, el cual será único y, con éste, los particulares podrán dar seguimiento a sus peticiones.

El horario para la recepción de las solicitudes de acceso a la información será el que determine el organismo garante correspondiente; las solicitudes de información cuya recepción se verifique después del horario establecido o en días inhábiles, se considerarán recibidas el día hábil siguiente.

I. El costo de los materiales utilizados en la reproducción de la información;

II. El costo de envío, en su caso, y

III. El pago de la certificación de los documentos, cuando proceda.

Las cuotas de los derechos aplicables deberán establecerse en la Ley Federal de Derechos, los cuales se publicarán en los sitios de Internet de los sujetos obligados. En su determinación se deberá considerar que los montos permitan o faciliten el ejercicio del derecho de acceso a la información, asimismo se establecerá la obligación de fijar una cuenta bancaria única y exclusivamente para que el solicitante realice el pago íntegro del costo de la información que solicitó.

Los sujetos obligados a los que no les sea aplicable la Ley Federal de Derechos deberán establecer cuotas que no deberán ser mayores a las dispuestas en dicha ley.

La información deberá ser entregada sin costo de reproducción, cuando implique la entrega de no más de veinte hojas simples. Las Unidades de Transparencia podrán exceptuar el pago de reproducción y envío atendiendo a las circunstancias socioeconómicas del solicitante, las cuales podrán ser expuestas a través de escrito libre.

Quincuagésimo primero. La respuesta a la solicitud deberá ser notificada al interesado en un plazo máximo de veinte días hábiles o en un plazo menor en el caso de que así lo disponga la Ley Federal o Ley Local, contados a partir del día siguiente hábil de la presentación de aquélla.

Quincuagésimo segundo. Los sujetos obligados procurarán que las personas hablantes de alguna lengua indígena, o las personas con algún tipo de discapacidad, puedan ejercer, en igualdad de condiciones, su derecho humano de acceso a la información; para lo cual, habrá de atenderse lo previsto en el ordenamiento jurídico que en la materia emita el Sistema Nacional.

Quincuagésimo tercero. Los sujetos obligados deberán otorgar acceso a los documentos que se encuentren en sus archivos o que estén obligados a documentar de acuerdo con sus facultades, competencias o funciones, en el formato en que el solicitante manifieste, de entre aquellos formatos existentes, conforme a las características físicas de la información o del lugar donde se encuentre.

Quincuagésimo cuarto. La Unidad de Transparencia de los sujetos obligados deberá atender cada solicitud de información de manera individual, absteniéndose de gestionar en conjunto diversos folios en el mismo oficio, resolución o vía, con excepción a aquéllas que se refieran al mismo requerimiento de información.

CAPÍTULO III REQUERIMIENTOS MATERIALES

Quincuagésimo sexto. Los sujetos obligados deberán contar con la infraestructura tecnológica necesaria como, equipo de cómputo, impresora, acceso a Internet y los programas informáticos que se requieran.

Si los detalles proporcionados para atender la solicitud de información resultan insuficientes, incompletos o erróneos, la Unidad de Transparencia formulará un requerimiento de información adicional al solicitante, por una sola vez con base en lo previsto en la Ley General, Ley Federal o Ley Local a fin de que el solicitante indique mayores elementos, corrija los datos proporcionados, o bien, precise los requerimientos de información.

Si la solicitud se recibió por algún medio distinto al SISAI, la Unidad de Transparencia deberá registrar el requerimiento señalado en el párrafo anterior en el Módulo manual del SISAI, al igual que el desahogo y notificar el requerimiento en el domicilio o medio señalado por el solicitante.

Quincuagésimo noveno. El requerimiento o prevención a una solicitud de información interrumpirá los plazos para la tramitación de las solicitudes de información, en los términos de la Ley General, Ley Federal o Ley Local, por lo que comenzará a computarse nuevamente al día siguiente del desahogo por parte del particular. En este caso, el sujeto obligado atenderá la solicitud en los términos en que fue desahogado el requerimiento de información adicional.

Los contenidos de información que no sean objeto del requerimiento, al igual que los contenidos desahogados parcialmente, deberán ser atendidos por el sujeto obligado dentro de los términos siguientes a la prescripción del plazo establecido en la Ley General, Ley Federal o Ley Local, para desahogar dicho requerimiento.

La solicitud se tendrá por no presentada cuando los solicitantes no atiendan el requerimiento de información adicional y esta sea indispensable para identificar la atribución, tema, materia, asunto o documentos sobre lo que versa la solicitud de acceso a la información.

Sexagésimo. Con base a la ley orgánica, decreto de creación, estatutos, reglamento interior o equivalentes del sujeto obligado, determine a través de su Unidad de Transparencia que es notoriamente incompetente para atender la solicitud de información, deberá comunicarlo al solicitante dentro de un plazo ordinario establecido en la Ley General, Ley Federal o Ley Local, a partir de su recepción y señalará al solicitante el o los sujetos obligados que puedan ser competentes.

Si la solicitud se presentó por algún medio distinto al electrónico, la Unidad de Transparencia deberá registrar la respuesta en el módulo manual del SISAI y notificarla en el domicilio o medio señalado por el solicitante.

Sexagésimo primero. En caso de que la información solicitada esté disponible públicamente, se le hará saber al solicitante dentro de un plazo no mayor a cinco días o el indicado en la Ley Federal o Ley Local, a través del medio que haya requerido, la fuente, el lugar y la forma en que se puede consultar, reproducir o adquirir dicha información y registrarlo en el SISAI, cuando proceda.

Sexagésimo segundo. En caso de que los sujetos obligados consideren que los documentos o la información solicitada deban ser clasificados, se sujetarán al procedimiento de clasificación de información previsto en la Ley General, Ley Federal o Ley Local.

El Comité de Transparencia podrá tener acceso a la información que esté en poder del área correspondiente, de la cual se haya solicitado su clasificación.

La resolución del Comité de Transparencia será notificada en el plazo establecido en el artículo 132 de la Ley General o el indicado en la Ley Federal o Ley Local. Si la solicitud se presentó por algún medio distinto al electrónico, la Unidad de Transparencia deberá registrar dicha resolución en el módulo manual del SISAI y notificarla en el domicilio o medio señalado por el solicitante.

Para llevar a cabo la clasificación de la información se debe atender lo establecido en el ordenamiento jurídico que en la materia emita el Sistema Nacional.

Sexagésimo tercero. Cuando la información no se encuentre en los archivos del sujeto obligado, el Comité de Transparencia deberá atender a lo dispuesto por el artículo 138 de la Ley General o, en su caso, a lo que disponga Ley Federal o Ley Local, según corresponda.

Si la solicitud se presentó por algún medio distinto al electrónico, la Unidad de Transparencia deberá registrar la resolución en el módulo manual del SISAI y notificarla en el domicilio o medio señalado por el solicitante.

Sexagésimo cuarto. El plazo de atención de las solicitudes de información podrá, ampliarse en no más de diez días, según lo dispongan la Ley Federal o Ley Local. Dicha ampliación responderá cuando existan razones fundadas y motivadas, las cuales deberán ser aprobadas por el Comité de Transparencia, mediante

la emisión de una resolución que deberá notificarse al solicitante y registrarse en el SISAI, en aquellos casos en los que la solicitud se presente a través de medios diversos, todo ello antes de su vencimiento.

Sexagésimo quinto. Se privilegiará el acceso en la modalidad de entrega y de envío elegidos por el solicitante, en el caso de que la información solicitada consista en bases de datos se deberá privilegiar la entrega en formatos abiertos; cuando la información no pueda entregarse o enviarse en la modalidad elegida, el sujeto obligado deberá ofrecer todas las modalidades de entrega disponibles; en cualquier caso, se deberá fundar y motivar la modificación respectiva, lo que deberá notificarse al solicitante y registrarse en el SISAI, cuando proceda.

Sexagésimo sexto. Las resoluciones a las solicitudes de información que otorguen el acceso previo pago de derechos, se pondrán a disposición del solicitante junto con la información solicitada, en las oficinas de la Unidad de Transparencia, del personal habilitado o el domicilio que se indique para tal efecto, por un término de sesenta días o el indicado en la Ley Federal o Ley Local.

Si la solicitud se presentó por algún medio distinto al electrónico, la Unidad de Transparencia deberá registrar la respuesta en el módulo manual del SISAI y notificarla en el domicilio o medio señalado por el solicitante. De igual manera deberá registrar los costos de reproducción y de envío correspondiente, de acuerdo con las diversas modalidades, e indicar el lugar para recoger la ficha de pago, cuando proceda.

Si la resolución otorga el acceso previo pago de derechos, éste deberá efectuarse en un plazo no mayor a treinta días o el indicado en la Ley Federal o Ley Local correspondiente, contados a partir de la fecha de la notificación. Una vez realizado el pago, comenzará a correr el término de sesenta días antes mencionado o el indicado en la Ley Federal o Ley Local correspondiente.

Transcurridos dichos plazos, sin que el solicitante acredite el pago o recoja la documentación correspondiente, los sujetos obligados darán por concluida la solicitud y procederán, de ser el caso, a la destrucción del material en el que se reprodujo la información; asimismo, para poder acceder a la información solicitada, se deberá realizar una nueva solicitud, sin responsabilidad alguna para los sujetos obligados.

Una vez realizado el pago de derechos, la Unidad de Transparencia deberá entregar la información requerida, en la modalidad solicitada, o bien la versión pública aprobada por el Comité de Transparencia, en un plazo que no excederá de diez días o el indicado en la Ley Federal o Ley Local correspondiente, contados a partir de la comprobación del pago.

Sexagésimo séptimo. En la notificación de la resolución a la solicitud de información, las Unidades de Transparencia o el personal habilitado deberán indicar al solicitante el plazo para interponer el recurso de revisión ante el organismo garante competente, conforme a lo previsto en la Ley General, Ley Federal o Ley Local.

TÍTULO TERCERO

DEL SISTEMA DE GESTIÓN DE MEDIOS DE IMPUGNACIÓN CAPÍTULO I

GENERALIDADES DEL SISTEMA DE GESTIÓN DE MEDIOS DE IMPUGNACIÓN

Sexagésimo octavo. El SIGEMI es la herramienta electrónica mediante la cual los organismos garantes y sujetos obligados se encargarán de realizar la sustanciación de los medios de impugnación interpuestos por los particulares.

Sexagésimo noveno. El SIGEMI será configurado por cada organismo garante en conjunto con el Instituto.

Septuagésimo. Los procedimientos de medios de impugnación configurados por el organismo garante en el SIGEMI deberán responder a la legislación federal y local en materia de acceso a la información y protección de datos personales.

Septuagésimo primero. Cuando las notificaciones a los recurrentes se realicen por un medio diverso al correo electrónico, deberá cargarse el documento que acredite la notificación en el apartado de acuses del SIGEMI.

CAPÍTULO II

DEL RECURSO DE REVISIÓN

Septuagésimo segundo. El recurso de revisión se podrá interponer contra alguno de los sujetos obligados contemplados en el artículo 23 de la Ley General y los que refiera la Ley Local, a través del SIGEMI. Para tales efectos, en el SISAI aparecerá un vínculo en el apartado “presentar recurso de revisión” y

al dar clic en éste, redireccionará al SIGEMI. El acceso al SIGEMI podrá realizarse desde el SISAI, con el mismo usuario y contraseña que se requiere para dicho sistema.

Septuagésimo tercero. Para la interposición del recurso de revisión en el SIGEMI, será necesario escoger, de una lista de sujetos obligados, contra cuál se interpone. Asimismo, se deberá llenar un formato, el cual cuenta por lo menos con los siguientes campos:

1. El sujeto obligado ante el cual presentó la solicitud;

2. Nombre del solicitante que recurre o de su representante y, en su caso, del tercero interesado, así como la dirección o medio que señale para recibir notificaciones;

3. El número de folio de respuesta de la solicitud de acceso;

4. La fecha en que fue notificada la respuesta al solicitante o tuvo conocimiento del acto reclamado o de presentación de la solicitud, salvo en el caso de la falta de respuesta de la solicitud;

5. El acto que se recurre;

6. Las razones o motivos de inconformidad, y

7. La copia de la respuesta que se impugna y, en su caso, de la notificación correspondiente, salvo en el caso de la falta de la respuesta de la solicitud.

Al final del formato en donde aparezca el campo “demás elementos que considere procedentes someter a juicio del organismo garante correspondiente”, se podrán adjuntar documentos de manera ilimitada.

Septuagésimo cuarto. Cuando los particulares presenten su recurso de revisión ante la Unidad de Transparencia de uno de los sujetos obligados contemplados en el artículo 23 de la Ley General o los referidos en la Ley Local, las Unidades de Transparencia deberán acceder al SIGEMI a más tardar al día hábil siguiente de su recepción, con objeto de llenar el formato mencionado en el lineamiento que precede e inmediatamente después de haber realizado lo anterior, deberán notificarlo al organismo garante correspondiente, por medio del SIGEMI.

El escrito del recurso de revisión deberá adjuntarse junto con la respuesta otorgada a la solicitud de información. En estos casos, de manera adicional, la Unidad de Transparencia deberá registrar el día y hora en que fue recibido el recurso de revisión. El SIGEMI automáticamente asignará al recurso de revisión un número de folio de identificación, así como el número descriptivo, a partir del cual se podrá advertir si se trata de acceso a la información o de datos personales.

Septuagésimo quinto. En aquellos casos en los que los particulares presenten su recurso de revisión mediante escrito libre ante los organismos garantes éstos deberán realizar el mismo procedimiento establecido en el lineamiento anterior.

Septuagésimo sexto. Una vez que en el SIGEMI se realiza el llenado mencionado en el lineamiento septuagésimo tercero o bien, la Unidad de Transparencia señale el día y hora de recepción del recurso de revisión, el SIGEMI tomará en consideración para iniciar el conteo de los días para la resolución del medio de impugnación, de acuerdo a la Ley General, Ley Federal o Ley Local.

Septuagésimo séptimo. Una vez que una Unidad de Transparencia notifique al organismo garante el envío del recurso de revisión mediante el SIGEMI o bien que un recurrente haya presentado el recurso directamente en el SIGEMI, deberá aparecer en el tablero de semáforos de recepción de medios de impugnación.

Recibido el recurso de revisión y habiendo aparecido en el tablero referido, el SIGEMI realizará automáticamente su registro, en donde se podrán observar los datos que fueron llenados en el formato mencionado en el lineamiento septuagésimo tercero, y se le asignará un número de folio de identificación, así como el número descriptivo a partir del cual se podrá advertir si se trata de acceso a la información o de datos personales.

Septuagésimo octavo. Con la información mencionada en los lineamientos anteriores, el SIGEMI generará la Ficha del Recurso de Revisión. El organismo garante tendrá que llenar el campo correspondiente a la litis, en el cual deberá escoger cualquiera de las siguientes opciones:

1. La clasificación de la información;

2. La declaración de la inexistencia de información;

3. La declaración de incompetencia por el sujeto obligado;

4. La entrega de la información incompleta;

5. La entrega de información que no corresponda con lo solicitado;

6. La falta de respuesta a una solicitud de acceso a la información dentro de los plazos establecidos en la ley;

7. La notificación, entrega o puesta a disposición de información en una modalidad o formato distinto al solicitado;

8. La entrega o puesta a disposición de información en un formato incomprensible y/o no accesible para el solicitante;

9. Los costos o tiempos de entrega de la información;

10. La falta de trámite a una solicitud;

11. La negativa a permitir la consulta directa de la información;

12. La falta, deficiencia o insuficiencia de la fundamentación y/o motivación en la respuesta;

13. La orientación a un trámite específico, y

14. Diversos agravios.

Asimismo, en aquellos casos en que el recurso de revisión sea notoriamente improcedente, el organismo garante en vez de elegir una litis, deberá escoger la opción con el número 15 denominada “Se desecha, no cumple con lo establecido en el artículo 143 de la Ley General”, o el numeral que corresponda de acuerdo a lo establecido en la Ley Federal o Ley Local.

Septuagésimo noveno. Si el organismo garante advierte que el número descriptivo del recurso de revisión no corresponde a acceso a información o a datos personales, deberá iniciar un subproceso para que el medio de impugnación sea reconducido a la vía correcta, según la materia de la solicitud que lo haya originado, aun cuando el sujeto obligado no le haya dado trámite a la solicitud de conformidad con la naturaleza de la información que haya sido requerida. En estos casos, el SIGEMI modificará el número descriptivo del recurso de revisión, de tal forma que de éste se pueda advertir que fue reconducido; sin embargo, el número de folio de identificación no será alterado.

Para efectos de lo anterior, el organismo garante deberá escoger la vía a la que se debe reconducir, y el SIGEMI generará una nueva Ficha del Recurso de Revisión con la información actualizada de éste.

Octogésimo. Cuando se hayan llevado a cabo los pasos de registro y generación de Ficha del Recurso de Revisión, el SIGEMI automáticamente turnará el medio de impugnación al Comisionado correspondiente. Con lo anterior, el SIGEMI generará el acuerdo de turno que deberá firmar el Comisionado que presida el organismo garante.

El acuerdo podrá suscribirse de manera electrónica, pero tratándose de firma autógrafa, el organismo garante deberá imprimir el acuerdo y subirlo al SIGEMI una vez que se encuentre suscrito.

Octogésimo primero. En caso de que el Comisionado ponente advierta que el número descriptivo del recurso de revisión no corresponde a acceso a información o a datos personales y, por tanto, debe ser reconducido, tendrá que iniciar el subproceso descrito en el lineamiento septuagésimo noveno. El SIGEMI generará una nueva Ficha del Recuso de Revisión, pero el turno no será sustituido.

Octogésimo segundo. En aquellos casos en los que el Comisionado ponente se excuse o lo recusen, el organismo garante deberá iniciar un subproceso de returno. En estos casos, el SIGEMI turnará el medio de impugnación al Comisionado que corresponda y generará el acuerdo de returno que deberá firmar el Comisionado que presida el organismo garante. El acuerdo se podrá firmar de manera electrónica, pero tratándose de firma autógrafa, el organismo garante deberá imprimir el acuerdo y subirlo al SIGEMI una vez que se encuentre suscrito.

La notificación del returno le aparecerá al Comisionado a quien le corresponda, en el apartado de “Notificaciones”, así como en el tablero de semáforos del SIGEMI.

Octogésimo tercero. Una vez que el recurso de revisión ya haya sido turnado al Comisionado correspondiente, deberá elegir, de un listado, cualquiera de las siguientes opciones:

1. Se previene;

2. Se admite, o

3. Se desecha.

Tratándose de la última opción, será necesario especificar la razón por la que se desecha.

Octogésimo cuarto. Cuando se trate de una prevención o admisión, en el momento en que de conformidad con el lineamiento anterior se realice la elección, el SIGEMI generará el acuerdo correspondiente, el cual estará en un formato editable que podrá ser modificado por el organismo garante. En caso de que no sea necesario modificarlo o bien ya se haya realizado la modificación, se podrá emitir de tal forma que sólo quedará pendiente de suscribirse.

Será posible firmarlo de manera electrónica, pero tratándose de firma autógrafa, el organismo garante deberá imprimir el acuerdo y cargarlo al SIGEMI una vez que se encuentre suscrito.

Octogésimo quinto. En aquellos casos en los que el medio de notificación señalado por el recurrente o su representante sea correo electrónico, la notificación del acuerdo de admisión o prevención se realizará por ese medio, asimismo podrá realizarse a través del SIGEMI registrará la fecha y hora en la que se realizó dicha notificación y emitirá un acuse.

Si el particular o su representante hubieran señalado medio de notificación diverso al mencionado, se deberá escoger, de una lista de opciones cuál será ese medio y automáticamente el SIGEMI registrará "pendiente de notificar al recurrente". Una vez que se haya notificado el acuerdo de admisión o prevención, el organismo garante deberá indicar la fecha de notificación.

Octogésimo sexto. Tratándose de la prevención, ya sea que el recurrente o su representante la hubiera desahogado, o bien, que no hubiera otorgado respuesta alguna, el organismo garante deberá escoger, de una lista, alguna de las siguientes opciones:

1. Prevención desahogada en tiempo y forma;

2. No hubo respuesta;

3. Prevención desahogada fuera de tiempo, o

4. Prevención desahogada incorrectamente.

Al escoger las opciones 2, 3 y 4, el SIGEMI automáticamente cambia a "recurso de revisión desechado". Si el organismo garante elije la opción 1, el SIGEMI automáticamente cambia a "se admite" y deberá indicar la fecha en que el recurrente o su representante desahogó la prevención, con objeto de que el SIGEMI tenga como fecha de presentación del recurso de revisión de conformidad a la Ley General, Ley Federal o Ley Local. En caso de que el desahogo de la prevención no hubiera sido remitido vía el SIGEMI, el organismo garante deberá subirlo a éste e indicar la fecha de su recepción.

El organismo garante deberá seguir los pasos señalados en los dos lineamientos anteriores para efectos de la admisión.

Octogésimo séptimo. Una vez admitido el recurso de revisión, el SIGEMI inicia el conteo del plazo establecido en la Ley General, Ley Federal o Ley Local para la presentación de alegatos y pruebas. Para tales efectos, las partes, al ingresar con su usuario y contraseña, podrán visualizar el expediente correspondiente al medio de impugnación a través del SIGEMI.

Para la presentación de alegatos y pruebas, el recurrente podrá adjuntar todos los documentos que desee.

En caso de que el organismo garante reciba alegatos por otro medio, deberá subirlos al SIGEMI en el apartado de alegatos, con objeto de que queden registrados.

Una vez que se hayan remitido alegatos y pruebas por medio del SIGEMI, el recurrente podrá enviar alcances, siempre y cuando no haya vencido el plazo de los siete días o el establecido en la Ley Federal o Ley Local.

Cuando venza el plazo de siete días o el establecido en la Ley Federal o Ley Local, el SIGEMI permitirá la visualización del expediente, salvo que se trate de información clasificada, pero ya no dará la opción para la presentación de alegatos y pruebas.

Octogésimo octavo. Cuando exista la posibilidad de acumular recursos de revisión por haber derivado de respuestas a solicitudes cuyo tema sea similar o idéntico y se trate del mismo sujeto obligado o cuando haya identidad de partes, aquellos encargados de los recursos que fueron recibidos con posterioridad podrán requerir la acumulación al encargado de aquel recurso que haya sido recibido primero, mediante el SIGEMI.

Para tales efectos, podrán iniciar un subproceso de acumulación, en el cual deberán indicar a qué recurso requieren que sea acumulado. El encargado que tiene el recurso más antiguo, será notificado de dicha solicitud a través del tablero de “Notificaciones” y podrá aceptar o rechazar la acumulación. Sin importar cuál sea la elección, será notificada a quien solicitó la acumulación mediante el tablero de “Notificaciones”.

Cuando el recurrente o su representante hayan elegido, como medio de notificación, correo electrónico, en su caso, la notificación del acuerdo de acumulación podrá realizarse por medio del SIGEMI. En estos casos, el SIGEMI emitirá un acuse y el organismo garante deberá confirmar que realizó la notificación al recurrente.

Octogésimo noveno. Tratándose de la acumulación de recursos de revisión, las constancias de los recursos acumulados formarán parte del expediente del recurso acumulador.

Para la visualización del expediente, cada uno de los recurrentes podrá ingresar al apartado de “expediente del recurso de revisión” con su nombre de usuario y contraseña.

Nonagésimo. Durante la sustanciación del recurso de revisión, los organismos garantes también podrán celebrar audiencias con las partes o tener acceso a la información clasificada por el sujeto obligado, para lo cual el organismo garante deberá escoger de una lista “acuerdo de acceso a información clasificada” o “acuerdo de audiencia”. En el campo de “fecha de celebración”, el organismo garante deberá indicar dicha fecha.

El SIGEMI generará el acuerdo correspondiente, el cual estará en un formato editable que podrá ser modificado por el organismo garante. En caso de que no sea necesario modificarlo o bien ya se haya realizado la modificación, se podrá emitir de tal forma que sólo quedará pendiente de suscribirse.

El acuerdo de acceso a información clasificada o el de audiencia podrá firmarse de manera electrónica, pero tratándose de firma autógrafa, el organismo garante deberá imprimir el acuerdo y subirlo al SIGEMI una vez que se encuentre suscrito.

Tratándose del acuerdo de audiencia, éste podrá notificarse por medio del SIGEMI al recurrente o su representante cuando haya elegido, como medio de notificación, correo electrónico. En este caso, el SIGEMI emitirá un acuse y el organismo garante deberá confirmar la notificación al recurrente.

En caso de que el recurrente o su representante hubiera indicado otro medio de notificación, el organismo garante deberá escoger el correspondiente de una lista y el SIGEMI registrará que queda “pendiente de notificación al recurrente”. Una vez que el recurrente haya sido notificado, el organismo garante tendrá que indicarla fecha de notificación en el SIGEMI.

Nonagésimo primero. El organismo garante podrá ampliar el plazo para resolver el recurso de revisión, en los términos previstos en la Ley General, Ley Federal o Ley Local. En estos casos, el organismo garante podrá emitir el acuerdo de ampliación a través del SIGEMI, para lo cual tendrá que indicar el plazo de ampliación. El SIGEMI agregará ese número de días al reloj de conteo del plazo de resolución y generará el acuerdo correspondiente, el cual estará en un formato editable que podrá ser modificado por el organismo garante. En caso de que no sea necesario modificarlo o bien ya se haya realizado la modificación, se podrá emitir de tal forma que solo quedará pendiente de suscribirse.

El acuerdo de ampliación podrá firmarse de manera electrónica, pero tratándose de firma autógrafa, el organismo garante deberá imprimir el acuerdo y, una vez que esté suscrito, cargarlo al SIGEMI.

Cuando el organismo garante haya realizado lo señalado en el párrafo anterior, deberá notificar el acuerdo al sujeto obligado mediante el SIGEMI. Realizada la notificación, el SIGEMI emitirá un acuse y le aparecerá al sujeto obligado en el apartado “Notificaciones”, así como en el tablero de semáforos.

Cuando el recurrente o su representante haya elegido como medio de notificación, correo electrónico, la notificación se realizará por ese medio, adicionalmente podrá realizarse a través del SIGEMI. En este supuesto, el SIGEMI emitirá un acuse. En caso de que el recurrente o su representante, hubiera indicado otro medio de notificación, el organismo garante deberá escoger el correspondiente de una lista y el SIGEMI registrará que queda “pendiente de notificación al recurrente”. Una vez que el recurrente haya sido notificado, el organismo garante tendrá que indicar la fecha de notificación en el SIGEMI.

Nonagésimo segundo. Cuando haya vencido el plazo previsto en Ley General, Ley Federal o Ley Local para rendir alegatos y presentar pruebas y el organismo garante cuente con los elementos necesarios para resolver el recurso de revisión, éste deberá llevar a cabo el cierre de instrucción en el SIGEMI y dicho Sistema

generará el acuerdo correspondiente, el cual estará en un formato editable que podrá ser modificado por el organismo garante. En caso de que no sea necesario modificarlo o bien ya se haya realizado la modificación, se podrá emitir de tal forma que solo quedará pendiente de suscribirse.

El acuerdo de cierre de instrucción podrá firmarse de manera electrónica, pero tratándose de firma autógrafa, el organismo garante deberá imprimir el acuerdo y cargarlo al SIGEMI una vez que se encuentre suscrito.

El acuerdo de cierre de instrucción deberá notificarse al sujeto obligado a través del SIGEMI. Realizada la notificación, el SIGEMI emitirá un acuse y el acuerdo le aparecerá al sujeto obligado en el apartado de "Notificaciones". Cuando el recurrente o su representante haya elegido como medio de notificación correo electrónico, la notificación podrá realizarse mediante el SIGEMI. Una vez llevada a cabo la notificación, el SIGEMI emitirá un acuse. En caso de que el recurrente o su representante hubiera indicado otro medio de notificación, el organismo garante deberá escoger el correspondiente de una lista y el SIGEMI registrará que queda "pendiente de notificación al recurrente". Una vez que el recurrente haya sido notificado, el organismo garante tendrá que indicar la fecha de notificación en el SIGEMI.

Nonagésimo tercero. El organismo garante deberá realizar el paso de "Listar" en el SIGEMI, lo cual tiene que ser dentro del plazo para resolver el recurso de revisión, previsto en la Ley General, Ley Federal o Ley Local, o, en caso de haber solicitado ampliación para su resolución, dentro del periodo que corresponda.

Una vez que la resolución del recurso de revisión se encuentre lista para ser votada, el organismo garante deberá cargarla al SIGEMI.

Nonagésimo cuarto. Cuando el organismo garante haya votado la resolución del recurso de revisión, éste deberá llevar a cabo el registro de la resolución votada, para lo cual tendrá que llenar, entre otros, los siguientes campos:

1. Tema de la resolución;

2. Fecha de votación;

3. Sentido de la resolución:

a) Desechamiento;

b) Sobreseimiento;

c) Confirmación;

d) Modificación, o

e) Revocación.

4. Con engrose o sin engrose;

5. Votos;

6. Recusaciones;

7. Excusas, y

8. Returno.

En caso de que la votación de la resolución se haya diferido, el organismo garante tendrá que elegir la opción "diferido". De tal forma, cuando esté concluida la nueva versión de la resolución, el organismo garante deberá cargarla al SIGEMI y, una vez que haya sido votada, tendrá que realizar lo indicado en el párrafo anterior.

Asimismo, el organismo garante deberá cargar en el SIGEMI la versión final de la resolución, así como, en su caso, los votos, con objeto de que los Comisionados y demás funcionarios correspondientes puedan suscribirla con firma electrónica o, en su defecto, se deberá imprimir la resolución para que sea suscrita de manera autógrafa, y ya con todas las firmas deberá cargarse al SIGEMI.

El organismo garante deberá notificar la resolución al sujeto obligado a través del SIGEMI. Realizado lo anterior, el SIGEMI emitirá un acuse y la resolución le aparecerá al sujeto obligado en el apartado "Notificaciones". Cuando el recurrente o su representante haya elegido como medio de notificación correo electrónico, se realizará por ese medio y a través del SIGEMI, el cual emitirá un acuse. En caso de que el

recurrente o su representante hubiera indicado otro medio de notificación, el organismo garante deberá escoger el correspondiente de una lista y el SIGEMI registrará que queda “pendiente de notificación al recurrente”. ACUERDO MEDIANTE EL CUAL EL INSTITUTO NACIONAL DE TRANSPARENCIA, ACCESO A LA INFORMACIÓN Y PROTECCIÓN DE DATOS PERSONALES, APRUEBA EL PADRÓN DE SUJETOS OBLIGADOS DEL ÁMBITO FEDERAL, EN TÉRMINOS DE LA LEY GENERAL DE TRANSPARENCIA Y ACCESO A LA INFORMACIÓN PÚBLICA.

CONSIDERANDO

1. Que el siete de febrero de dos mil catorce, el Ejecutivo Federal promulgó en el Diario Oficial de la Federación, el Decreto por el que se reforman y adicionan diversas disposiciones de la Constitución Política de los Estados Unidos Mexicanos, modificando, entre otros, el artículo 6o., a efecto de establecer que la Federación contará con un organismo autónomo, especializado, imparcial, colegiado, con personalidad jurídica y patrimonio propio, con plena autonomía técnica, de gestión, con capacidad para decidir sobre el ejercicio de su presupuesto y determinar su organización interna, responsable de garantizar el cumplimiento del derecho de acceso a la información pública y la protección de datos personales en posesión de los sujetos obligados.
2. Que en términos del artículo Octavo Transitorio del Decreto antes invocado, en tanto el Congreso de la Unión expide las reformas a las leyes respectivas en materia de transparencia, el organismo garante que establece el artículo 6o. de la Constitución Política de los Estados Unidos Mexicanos, ejercerá sus atribuciones y competencias conforme a lo dispuesto en el propio Decreto y en la Ley Federal de Transparencia y Acceso a la Información Pública Gubernamental.

3. Que con motivo de la reforma Constitucional referida, el catorce de mayo de dos mil catorce, el Senado de la República tomó protesta a los siete Comisionados integrantes del Pleno del Instituto Federal de Acceso a la Información y Protección de Datos.

4. Que el Congreso de la Unión en cumplimiento al artículo Segundo Transitorio del Decreto de reforma en materia de transparencia, expidió la Ley General de Transparencia y Acceso a la Información Pública (Ley General), la cual fue publicada el cuatro de mayo de dos mil quince en el Diario Oficial de la Federación, entrando en vigor al día siguiente de su publicación de acuerdo con lo dispuesto en el artículo Primero Transitorio de la referida Ley General. Con ella, el Instituto Federal de Acceso a la Información y Protección de Datos cambió su denominación por el de Instituto Nacional de Transparencia, Acceso a la Información y Protección de Datos Personales (INAI), el cual se robustece con nuevas atribuciones que lo consolidan como organismo garante a nivel nacional.

5. Que la Ley General materializa lo dispuesto en la reforma al artículo 6o. constitucional, al otorgar al Instituto la competencia para conocer de los asuntos relacionados con el acceso a la información pública de cualquier autoridad, entidad, órgano u organismo que forme parte de alguno de los Poderes Ejecutivo, Legislativo y Judicial, órganos autónomos, partidos políticos, fideicomisos y fondos públicos, así como de cualquier persona física, moral o sindicato que reciba y ejerza recursos públicos o realice actos de autoridad en el ámbito federal.

6. Que en virtud de las nuevas competencias que tiene el Instituto, y a efecto de brindar certeza jurídica, resulta de la mayor relevancia difundir el listado de los responsables de cumplir con las disposiciones establecidas en la Ley General, es decir, a los sujetos obligados ante quienes los particulares pueden ejercer su derecho de acceso a la información, o bien, en dónde pueden localizar la información que sea de su interés.

7. Que se considera necesario contar con un padrón que identifique a los sujetos obligados que en el ámbito federal son responsables de cumplir directamente con la Ley General, así como señalar a aquellos que cumplirán con las obligaciones previstas en dicha Ley, a través del sujeto obligado o unidad administrativa responsable de coordinar su operación.

8. Que en términos del artículo 26 de la Ley General, los fideicomisos y fondos públicos que no cuenten con estructura orgánica y, por lo tanto, no sean considerados una entidad paraestatal, así como de los mandatos públicos y demás contratos análogos, cumplirán con las obligaciones de esta Ley a través de la unidad administrativa responsable de coordinar su operación.

9. Que conforme a las atribuciones establecidas en el Acuerdo **ACT-PUB/24/06/2015.04,** mediante el cual se aprueban las modificaciones a la Estructura Orgánica del Instituto Nacional de Transparencia, Acceso a la Información y Protección de Datos Personales, publicado en el Diario Oficial de la Federación el primero de julio de dos mil quince, le corresponde a la Dirección General de Evaluación, adscrita a la Coordinación de Acceso a la Información, integrar el padrón de sujetos obligados del ámbito federal, en coordinación con las unidades administrativas del Instituto.

10. Que para la integración de la propuesta de padrón se consideró la normativa aplicable y naturaleza jurídica de cada uno de los sujetos obligados, en el ámbito federal, a efecto de poder integrar a los mismos de acuerdo a lo que establece el artículo 6o. constitucional, ya sea por el Poder de la Unión o sector al que pertenecen, en los términos que se expone en los considerandos siguientes.

11. Que es necesario que a cada sujeto obligado se le asigne una clave única con el fin de publicar la información del Padrón en formato de datos abiertos, que permita identificar las solicitudes de acceso a información, sus estadísticas o cualquier otra información en las distintas bases de datos en posesión el Instituto.

12. Que la clave única de cada sujeto obligado se compondrá de cinco dígitos, misma que se definirá conforme a lo siguiente: los dos primeros dígitos se relacionarán con el Ramo correspondiente de acuerdo al Presupuesto de Egresos de la Federación y los tres dígitos siguientes serán asignados de forma consecutiva. Para el caso de los sujetos obligados que utilizaban el Sistema Infomex Gobierno Federal para la atención de solicitudes de información, se continuará utilizando la clave de cinco dígitos que previamente tenían asignada y que está construida bajo la misma estructura.

13. Que los sujetos obligados del **Poder Legislativo Federal** son aquellos que conforman el Congreso General de los Estados Unidos Mexicanos, así como la Entidad de Fiscalización Superior de la Federación, de acuerdo a los artículos 50, 74, fracciones II y VI, y 79 de la Constitución Política de los Estados Unidos Mexicanos.

14. Que para el caso de los sujetos obligados que integran el **Poder Ejecutivo Federal**, en términos del artículo 90 de la Constitución Política de los Estados Unidos Mexicanos; y 1 y 17 de la Ley Orgánica de la Administración Pública Federal, éstos son los que conforman la Administración Pública Federal, la cual se encuentra dividida en centralizada y paraestatal.

15. Que la Administración Pública Federal Centralizada se integra por la Oficina de la Presidencia de la República, las Secretarías de Estado y sus respectivos órganos administrativos desconcentrados, la Consejería Jurídica del Ejecutivo Federal y los Órganos Reguladores Coordinados en Materia Energética.

16. Que para el caso de los organismos desconcentrados y descentralizados que actualmente cumplen con sus obligaciones en materia de transparencia, a través de su dependencia o coordinadora de sector, deberán cumplir con la Ley General en los mismos términos, salvo que por su estructura, funciones y cantidad de información que manejan, el titular de la dependencia o coordinadora de sector determine que deben contar con Unidad y Comité de Transparencia propios.

17. Que la Procuraduría General de la República, actualmente, se ubica en el ámbito del Poder Ejecutivo Federal, de acuerdo a lo que establece el artículo 1, segundo párrafo de la Ley Orgánica de la Procuraduría General de la República.

18. Que la Junta Federal de Conciliación y Arbitraje también es un sujeto obligado del Poder Ejecutivo Federal, en términos de la fracción XX del Artículo 123 Constitucional, y de acuerdo a su Reglamento Interior es un Tribunal de composición tripartita con dependencia presupuestal de la Secretaría del Trabajo y Previsión Social, que tiene el equivalente a una unidad administrativa.

19. Que la Administración Pública Federal Paraestatal se compone por los organismos descentralizados, las empresas de participación estatal mayoritaria, las instituciones nacionales de crédito, las organizaciones auxiliares nacionales de crédito, las instituciones nacionales de seguros y de fianzas, y los Fideicomisos y Fondos Públicos considerados entidades paraestatales; los cuales se encuentran enunciados en la Relación de Entidades Paraestatales de la Administración Pública Federal.

20. Que a fin de hacer más eficientes las actividades estratégicas que realizan las entidades públicas, particularmente aquéllas dedicadas a ofrecer bienes y servicios, el Gobierno Federal lleva a cabo un proceso de desincorporación que permite al sector privado y social ocuparse de dichas actividades en un ámbito de competencia internacional; sin embargo, su situación jurídica no debe ser un obstáculo para dar cumplimiento a lo dispuesto en la Ley General, ya que el acceso a la información debe realizarse a través de la coordinadora de sector responsable de la desincorporación, del Servicio de Administración y Enajenación de Bienes, o del órgano al que se le hayan transferido las funciones.

21. Que las **empresas productivas del estado, sus subsidiarias y empresas filiales**, en términos del artículo 25 de la Constitución Política de los Estados Unidos Mexicanos, son de propiedad exclusiva del Gobierno Federal, por lo que son un componente importante del sector paraestatal mexicano, aun y cuando están sujetas a un régimen jurídico especial previsto tanto a nivel constitucional como legal; tal como se señala en la Relación de Entidades Paraestatales de la Administración Pública Federal del año dos mil quince.

22. Que los sujetos obligados que corresponden a los **tribunales administrativos federales** son aquellos Tribunales dotados de plena autonomía para dictar sus fallos, conforme lo dispuesto, respectivamente, en el artículo 1 de Ley Orgánica del Tribunal Federal de Justicia Fiscal y Administrativa; en el artículo 1 de Ley Orgánica de los Tribunales Agrarios; y en los artículos 123, apartado B, fracción XII, en relación con el 3 del Reglamento Interior del Tribunal Federal de Conciliación y Arbitraje.

23. Que los sujetos obligados del **Poder Judicial de la Federación**, en términos del artículo 94 de la Constitución Política de los Estados Unidos Mexicanos, son la Suprema Corte de Justicia de la Nación; el Tribunal Electoral del Poder Judicial de la Federación; los Tribunales Colegiados y Unitarios de Circuito, así como los Juzgados de Distrito y el Consejo de la Judicatura Federal.

24. Que el Consejo de la Judicatura Federal tiene a su cargo la administración, vigilancia, disciplina y carrera judicial del Poder Judicial de la Federación, con excepción de la Suprema Corte de Justicia y el Tribunal Electoral; asimismo, cuenta con organismos auxiliares con autonomía técnica y operativa, y es el encargado de manejar y operar el Fondo de Apoyo a la Administración de Justicia, de conformidad con los artículos 68, 88 y 245 de la Ley Orgánica del Poder Judicial de la Federación, respectivamente. Por lo anterior, se estima procedente que sea a través de dicho Consejo que los Tribunales Colegiados y Unitarios de Circuito, así como los Juzgados de Distrito, los organismos auxiliares y el citado fondo, cumplan con sus obligaciones en materia de transparencia.

25. Que para el caso de los **sujetos obligados autónomos**, éstos son aquellos que no se encuentran dentro de ningún Poder de la Unión, y que la misma Constitución Política de los Estados Unidos Mexicanos señala directamente como organismos públicos autónomos, con personalidad jurídica y patrimonio propio, en sus artículos 3o., fracción IX; 6o., apartado A, fracción VIII; 26, apartado B; 28; 41, fracción V, apartado A, y 102, apartado B.

26. Que el artículo 123 de la Constitución Política de los Estados Unidos Mexicanos, apartado A, fracción XII, considera la creación de un organismo integrado por representantes del Gobierno Federal, de los trabajadores y de los patrones, que administre los recursos del Fondo Nacional de la Vivienda, mismo que conforme a los artículos 138 y 139 de la Ley Federal del Trabajo se crea mediante la Ley del Instituto del Fondo Nacional de la Vivienda para los Trabajadores, la cual en su artículo 30 lo considera como un organismo fiscal autónomo.

27. Que los sujetos obligados correspondientes a las **instituciones de educación superior públicas**, son aquellas universidades y demás instituciones de educación superior a las que la ley otorga autonomía; lo anterior conforme a lo dispuesto en el artículo 3, fracción VII de la Constitución Política de los Estados Unidos Mexicanos.

28. Que para el caso de los **partidos políticos** como sujetos obligados, éstos se tratan de aquellos que cuenten con su respectivo registro ante el Instituto Nacional Electoral, en términos de lo que señala el artículo 41 Base I de la Constitución Política de los Estados Unidos Mexicanos, y el respectivo procedimiento establecido en la Ley General de Partidos Políticos.

29. Que los sujetos obligados que corresponden a los **fideicomisos y fondos públicos**, así como los mandatos y contratos análogos, son los que están señalados en la Ley de Coordinación Fiscal, la Ley Federal de Presupuesto y Responsabilidad Hacendaria, y el Presupuesto de Egresos de la Federación 2016.

30. Que son sujetos obligados en materia de transparencia y acceso a la información, siempre y cuando se encuentren en el supuesto de recibir y ejercer recursos públicos, los sindicatos de trabajadores y de patrones constituidos conforme al artículo 123 de la Constitución Política de los Estados Unidos Mexicanos, apartado A, fracción XVI y que se sujeten a la jurisdicción federal en los términos de la fracción XXXI, incisos a y b del mismo artículo; así como aquellas asociaciones para la defensa de los intereses comunes referidas en el citado artículo 123, apartado B fracción X que regula las relaciones entre los Poderes de la Unión y sus trabajadores.

31. Que para definir a las **personas físicas o morales que reciban y ejerzan recursos públicos o realicen actos de autoridad**, que deben ser consideradas como sujetos obligados en el ámbito federal, el artículo 81 de la Ley General establece un procedimiento específico para que este Instituto determine si cumplirán con sus obligaciones de transparencia de manera directa o a través de los sujetos obligados que les otorguen dichos recursos o que les faculten a realizar actos de autoridad, por lo que no se enlistan en el presente instrumento.

32. Que los efectos del padrón de sujetos obligados en el ámbito federal son declarativos y no constitutivos, por lo que el hecho de que se encuentren contemplados en el mismo no establece su regulación, ni prejuzga respecto de los ordenamientos jurídicos que les son aplicables; ya que es el Pleno de este Instituto, en su carácter de intérprete de la Ley General, quien puede analizar de manera particular la procedencia de considerar a una entidad como sujeto obligado en términos de dicho instrumento jurídico.

33. Que el artículo 14 del Reglamento Interior del Instituto Federal de Acceso a la Información y Protección de Datos vigente (Reglamento Interior), establece que todas las decisiones y funciones son competencia originaria del Pleno del Instituto, así como que el artículo 15, fracción I del mismo Reglamento establece que corresponde al Pleno del Instituto ejercer las atribuciones que le otorgan la Constitución Política de los Estados Unidos Mexicanos, las leyes, el Decreto previamente citado, así como los demás ordenamientos legales, reglamentos y disposiciones administrativas que le resulten aplicables.

34. Que el Reglamento Interior establece en el artículo 15, fracción III la facultad del Pleno para deliberar y votar los proyectos de Acuerdo que propongan los Comisionados.

35. Que en términos del artículo 21, fracción II del Reglamento Interior, la Comisionada Presidente somete a consideración del Pleno el proyecto de Acuerdo mediante el cual se aprueba el Padrón de Sujetos Obligados del ámbito federal, en términos de la Ley General de Transparencia y Acceso a la Información Pública.

Por las razones expuestas y con fundamento en lo dispuesto por los artículos 6o., apartado A, fracción VIII de la Constitución Política de los Estados Unidos Mexicanos; Segundo y Octavo Transitorios del Decreto por el que se reforman y adicionan diversas disposiciones de la Constitución Política de los Estados Unidos Mexicanos en materia de transparencia; 42, fracciones XIX y XX de la Ley General de Transparencia y Acceso a la Información Pública; 64 del Reglamento de la Ley Federal de Transparencia y Acceso a la Información Pública Gubernamental; 14, 15, fracciones I, III, VI y XI; 21, fracciones I, II, III y IV del Reglamento Interior del Instituto Federal de Acceso a la Información y Protección de Datos, así como el Acuerdo ACT- PUB/24/06/2015.04, mediante el cual se aprueban las modificaciones a la Estructura Orgánica del Instituto

ANEXO 1

CRITERIOS Y METODOLOGÍA DE EVALUACIÓN DE LA CALIDAD DE LA INFORMACIÓN INSCRITA EN EL REGISTRO ELECTRÓNICO DE SISTEMAS DE DATOS PERSONALES (ICRES)

La obligación de inscribir los Sistemas de Datos Personales en posesión del Ente Público en el Registro Electrónico de Sistemas de Datos Personales (RESDP) que para este efecto habilitó el Instituto de Acceso a la Información Pública y Protección de Datos Personales, está dispuesta en el artículo 8 de la Ley de Protección de Datos Personales para el Distrito Federal (LPDPDF) y en el numeral 10 de los Lineamientos para la Protección de Datos Personales en el Distrito Federal (Lineamientos).

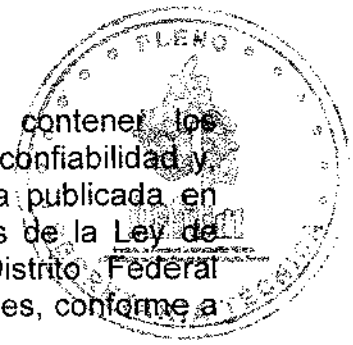
Por lo tanto, la información inscrita en el RESDP cuenta con los atributos de calidad, veracidad, oportunidad y confiabilidad.

Por otra parte, las disposiciones establecidas en la LPDPDF aplican en general a todos los entes públicos que detentan sistemas de datos personales conforme a lo establecido en el Acuerdo 0469/SO/02-05/2012. Sin embargo, en atención a la naturaleza y finalidad de cada sistema, en aquellos casos en que algún criterio no sea aplicable, se deberá seleccionar la opción **No aplica (N/A)**.

En las siguientes páginas se describen los criterios de contenido y de forma que el INFODF tomará en consideración para evaluar la calidad de la información que da cuenta de los atributos y características de los sistemas de datos personales reportados en el RESDP por cada ente público. De esta manera, la medición de este Indicador establece un conjunto de normas mínimas para asegurar la protección de los datos personales bajo la tutela de los sujetos obligados.

A fin de atender a los principios que rigen a la LPDPDF y tomando en cuenta la naturaleza y circunstancias de cada uno de los sujetos obligados, el registro de los Sistemas de Datos Personales deberá tener las siguientes características:

- La información registrada en el RESDP deberá estar relacionada íntegramente con la reportada en los acuerdos de creación, modificación y/o supresión que, en su caso, se hubiesen publicado en la Gaceta Oficial del Distrito Federal (GODF), así como lo establecido en el informe anual de conformidad al artículo 21, fracción III, de la LPDPDF y del numeral 37 de los Lineamientos, e informes solicitados por la Dirección de Datos Personales de este Instituto, de acuerdo con lo establecido en los artículos 23 y 24 fracciones V y X ambos de la LPDPDF.
- Los Sistemas de Datos Personales deberán reflejar el ejercicio de las funciones o atribuciones de cada ente público.



- Los Sistemas de Datos Personales registrados deberán contener los elementos que aseguren su calidad, veracidad, oportunidad y confiabilidad y, por lo tanto, la información registrada deberá coincidir con la publicada en cumplimiento a las obligaciones de transparencia en términos de la Ley de Transparencia y Acceso a la Información Pública del Distrito Federal (LTAIPDF) y los Criterios emitidos por el Instituto para estos fines, conforme a lo señalado en cada criterio.

Con el propósito de contar con un índice general que refleje el nivel de complimiento del deber de registrar ante el InfoDF los sistemas de datos personales en posesión de los Entes Públicos, previsto en el artículo 8 de la LPDPDF y numerales 9 y 10 de los Lineamientos para la Protección de Datos Personales en el Distrito Federal, se generará el ***Índice de la Calidad de la Información Inscrita en el Registro Electrónico de Sistemas de Datos Personales*** (ICRES).

Dicho Índice se obtendrá con el resultado de la evaluación de 45 criterios que el INFODF tomará en consideración, en donde todos y cada uno de ellos tienen el mismo peso relativo.

Para obtener el ***Índice de Calidad de la Información inscrita en el Registro Electrónico de Sistemas de Datos Personales (ICRES)*** se utilizará la siguiente fórmula:

$$ICRES_n = \sum_{i=1}^{n} \left(\frac{VC_n}{N}\right) * 100$$

Donde:

- $ICRES_n$ = Índice de Criterios en el Registro Electrónico de Sistemas.
- VC_n= Valuación de los criterios por sistema de datos personales inscritos por el ente público en el RESDP del inciso i-ésimo.
- N= Totalidad de sistemas que deben estar inscritos en el RESDP de acuerdo a lo establecido en el acuerdo 0469/SO/02-05/2012.

Para obtener la valuación de criterios por sistema de datos personales se realiza la siguiente operación:

$$VC_n = \left[\frac{VC_K}{N}\right]$$

Donde:

- VC_n = Valuación de los criterios por sistema de datos personales inscritos por el ente público en el RESDP del inciso i-ésimo.

- VC_k = Valuación de los Criterios de los datos contenidos en los Sistemas de Datos Personales inscritos en el RESDP del inciso K-ésimo.
- N= Criterios a evaluar que resulten aplicables a los sistemas de datos personales.

Para valorar cada criterio se establecen diversas calificaciones, correspondiendo de la siguiente manera:

- En caso de que cumpla totalmente con la obligación, la calificación es de 1.
- En caso de que haya un cumplimiento parcial, la calificación es de 0.5.
- En caso de que incumpla totalmente, la calificación es de cero.

Con la finalidad de dar un ejemplo para contar con la Valuación de los Criterios de los datos personales contenidos en el RESDP del inciso K-ésimo, se establece la siguiente *hipótesis*, suponiendo que se cuente con 19 criterios:

> Determinada Secretaría, de 19 criterios, cumple totalmente con los números 1, 2, 3, 4, 5, 6, 7, 8, 9,10, 11, 12, 13, 14, 15, 16, 17 y 18 a los que en consecuencia, se les asigna la calificación de 1.
>
> De acuerdo con la fórmula descrita, se les divide entre "n" (que en este caso es igual a 19).
>
> Respecto al criterio 19 se presenta un cumplimiento parcial, por lo que le corresponde una calificación de 0.5.
>
> De acuerdo a la fórmula, se le divide entre "n" número de criterios (que en el caso de los formatos mediante los cuales no se recaban datos de tipo sensible son 10).
>
> Es así que el cálculo de la Valuación de los Criterios se presenta de la siguiente manera:

$$VC_n = \left[\frac{1+1+1+1+1+1+1+1+1+1+1+1+1+1+1+1+1+1+1+0.5}{19} \right]$$

VC_n= [0.97]
VC_n= [0.97] * 100
VC_n= 97

Por lo que obtendría una calificación de 97 respecto del 100 de cumplimiento.

Una vez obtenidos los resultados por Sistema de Datos Personales se promedia la evaluación del VC de todos los sistemas de datos personales evaluados.

La metodología de evaluación de la calidad de información inscrita en el RESDP implementada para la obtención del ***Índice de Calidad de la Información inscrita en el Registro Electrónico de Sistemas de Datos Personales***, se conforma de diversos criterios.

Expuesto el ejemplo de la aplicación de la fórmula para obtener el ***Índice de la Calidad de la Información Inscrita en el Registro Electrónico de Sistemas de Datos Personales*** (ICRES), a continuación se enumeran los criterios que se considerarán para la evaluación.

Los criterios que se presentan para la obtención del ICRES están organizados conforme a la estructura de cada una de las "pestañas" contenidas en RESDP para facilitar una mejor comprensión y se agrupan en 7 incisos en los que se indican los rubros o "pestañas" del RESDP que se evalúan.

A) DATOS DEL SISTEMA

Los datos del sistema se encuentran contenidos en la primer "pestaña" del RESDP y contienen la información en el artículo 8, fracción II de la LPDPDF, así como en el numeral 11 de los I, III, V y IX de los Lineamientos, mismos que prevén:
